Boston, MA, March 20, 1998 -- Affiliated Managers Group, Inc. (NYSE: AMG) announced today that it has closed its previously announced investment in Essex Investment Management Company, LLC ("Essex"). Essex is a Boston-based investment advisor which manages approximately \$4.6 billion for a variety of institutional and private clients. Founded by Joseph C. McNay, Chairman and Chief Investment Officer, Essex specializes in investing in growth equities and fixed income securities employing a fundamental research-driven approach.

AMG is a Boston-based asset management holding company which acquires majority interests in mid-sized investment management firms. AMG's strategy is to generate growth through investments in new affiliates, as well as through the internal growth of existing affiliated firms.

Essex becomes AMG's eleventh affiliate and the first since AMG's initial public offering in November of 1997. Including Essex, AMG's affiliates collectively manage over \$50 billion. AMG's investment structure allows individual members of each affiliate's management to retain or receive significant direct ownership in their firm, while maintaining operating autonomy. In addition, AMG provides assistance to its affiliates, when requested, in areas such as marketing, distribution, product development and operations support.
